EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rebecca Goldman Rudic on December 17, 2003. The purpose of the amendment is to establish antecedent basis for the referenced common electrode in the last line of claim 1.

The application has been amended as follows:

CLAIM 1:

In line 10 after "a first polarizing plate on the liquid crystal polymer film;" reinstate on new line the following:

--a common electrode on the first polarizing plate;--

CLAIM 3:

Cancel claim 3.

CLAIM 5:

After "The device according to claim", replace "3" with --1--

CLAIM 13:

After "The device according to claim", replace "3" with --1--

The following is an examiner's statement of reasons for allowance:

Arguments with amendment presented spanning pages 8 and 9 of Remarks dated 9/17/03 are persuasive in overcoming the rejection of claims 1 and 14 of Hatano et al. (U.S. Patent No. 6,084,647) in view of Woodgate et al. (U.S. Patent No. 5,917,562). Particularly, Applicant is persuasive in indicating the inappropriate combination of Hatano and Woodgate due to the presence of the light reflection layer in Hatano. The prior art fails to disclose or suggest a stereoscopic liquid crystal display having the polymer layer arranged on the inner surface of the first substrate also having the polarizing plates and switching element electrodes arranged as proposed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael H. Caley whose telephone number is (703) 305-7913. The examiner can normally be reached on M-F 8:30 a.m. - 5:00 p.m..
